

2021

Carnival

8-seater MPV

The Power to Surprise

Unrivalled style, space & comfort

The 2021 Carnival

The all-new Carnival is more refined, roomy and capable than ever before. Its SUV-inspired design is matched with a modern interior and the latest infotainment and safety technologies.

2.2L DOHC Turbo Diesel

Carnival's new 2.2L Turbo Diesel Smartstream™ engine features a range of measures to reduce friction, aid cooling, enhance efficiency and reduce emissions.

8-speed Automatic

The transmission has been designed to be quieter, smoother and lighter than ever before. An integrated system monitors your driving style and adapts shifting performance to suit. Premium models feature an E-Shift Dial in place of a conventional gearshift knob. Overseas model interior shown.

7 Airbags

Safety is priority in the all-new Carnival, with dual front & side airbags, dual side-curtain airbags in all three rows, and a new driver's knee airbag designed to keep you and your family protected. Overseas model interior shown.

Fuel Economy

Fuel consumption* 6.5 L / 100 km
CO₂ emissions* 170 g / km
*Combined cycle

Performance

Maximum power 148 kW @ 3,800 rpm
Maximum torque 440 Nm @ 1,750 - 2,750 rpm

Size and Space

The 2021 Carnival benefits from a 30 mm longer wheelbase and 10 mm wider body, enhancing functionality. The overall length has increased to 5,155 mm, with a 30 mm longer rear overhang, creating more space for third row passengers and class-leading luggage space. Overseas model interior shown.

The new Carnival represents a design evolution, with a sense of solidity, futuristic details, and SUV-inspired forms and surfaces.

Signature Kia 'Tiger Nose' Grille

The Carnival's new 'tiger nose' design spans the width of the vehicle, integrating LED daytime running lights and headlamps to give the new Carnival a more confident look and a unique lighting signature.

LED Front Headlights

A stunning new front headlight design illuminates the path ahead while adding to the Carnival's impressive road presence.

Rear Styling

At the rear, the Carnival is robust in stature, and boasts a wide, distinctive new look accentuated by a full-width light bar.

New Chrome Fin Design

An eye-catching new C-pillar signature design also stands out, with a chrome fin bearing a subtle diamond pattern.

Heated & Folding Side Mirrors with LED Side Indicators

Heated exterior side mirrors automatically fold away when the vehicle is locked, providing added protection and easier accessibility in tight parking spaces.

Escort & Welcome Lights

The headlights and taillights stay on for 30 seconds when you get out of the vehicle before automatically switching off. Puddle lamps beneath the rear sliding doors illuminate the ground, making it easier to get out of the vehicle at night time.

THE ULTIMATE ENVIRONMENT FOR FAMILY TRAVEL

The all-new Carnival features a modern, stylish and roomy cabin finished with premium materials and high-tech connectivity.

12.3" Colour LCD Touchscreen with Split Screen Function

The impressive new 12.3" LCD touchscreen infotainment and navigation system features split screen function, allowing you to tailor the display to your preferences from a multitude of options. Overseas model interior shown.

Eight seats

All new Carnival models come with eight seats, giving you numerous seating and cargo combinations for a perfect balance of comfort and practicality. Overseas model interior shown.

4.2" Colour TFT Supervision Instrument Cluster

A new 4.2" high resolution supervision cluster is standard on all models, displaying key trip information with absolute clarity.

Dual Zone Climate Control

A high-tech climate control air conditioning system guarantees interior air quality and temperature flexibility to suit everyone. The driver, front passenger and those in the second and third rows can each have their own climate settings.

Power Driver's Seat with Lumbar Support

Air Cell Lumbar Support for the 10- or 12-way power driver's seat lets you reposition areas of resistance in the seatback, up-and-down and side-to-side, for maximum comfort and support.

One-touch Smart Open & Close

The smart power-sliding rear doors and tailgate can be opened and closed automatically when the lock or unlock button on the key fob is held down for three seconds. Your preferred tailgate opening height can also be set and stored in memory.

Wireless Smartphone Charger

Easily charge a compatible smartphone while you're on the go using the wireless charging pad at the front of the centre console. The centre console tray will also alert you if you leave your phone behind when exiting the vehicle.

Cargo Capacity

All Carnival models feature eight seats, giving you numerous seating and cargo combinations for a perfect balance of comfort and practicality, and providing up to 2,785 litres of space with the second and third row seats folded down.

PROTECT YOUR FAMILY ON EVERY JOURNEY

The all-new Carnival boasts a comprehensive suite of Kia's most advanced safety technology.

Forward Collision Avoidance Assist (FCA) – Car, Pedestrian, Cyclist & Junction

Forward Collision Avoidance Assist with Junction Turning is the latest development of this technology. In addition to vehicle, pedestrian and cyclist detection, the system now also detects other road users on more acute angles, such as at an intersection, helping the driver safely navigate through, and applying the brakes if it detects an imminent collision.

Multi-Collision Brake (MCB)

The Multi-Collision Braking system helps to reduce the danger of secondary collisions by automatically applying the brakes once the airbags have been deployed after an initial impact.

Blind Spot Collision Avoidance Assist (BCA)

The Blind Spot Collision Avoidance Assist system uses sensors to monitor vehicles in or approaching your blind spots. In addition to audio and visual alerts on the outside mirrors and cluster, a new differential braking system will step in if it detects an imminent collision with a vehicle in your blind spot, applying the Carnival's brakes.

Rear Cross Traffic Collision Avoidance Assist (RCCA)

When reversing out of a parking space or driveway, Rear Cross Traffic Collision Avoidance Assist detects and alerts you to vehicles approaching from the left or right, and will also apply the brakes if necessary to avoid a collision.

Lane Keep Assist (LKA) & Lane Follow Assist (LFA)

Lane Keep Assist detects the vehicle's current lane of travel, sounding audio and visual alerts if the vehicle begins to drift outside of its lane without the driver indicating, while also providing small steering controls to guide the vehicle back into the lane of travel. Lane Follow Assist works alongside this system, automatically steering the vehicle to keep it in the centre of the lane whenever it detects the vehicle unintentionally veering.

Rear Occupant Alert (ROA)

Rear Occupant Alert uses ultrasonic sensors inside the vehicle to detect passengers or pets located in the second and third row seats, alerting the driver before leaving the vehicle.

Safe Exit Assist (SEA)

Safe Exit Assist prevents the rear doors opening if the system detects a hazard approaching from behind the vehicle, such as a cyclist or another vehicle.

Around View Monitor with Dynamic Guidelines

Through four one-megapixel cameras installed on the new Carnival, the Around View Monitor can see the front, rear and sides of the vehicle, along with a birds-eye view with zoom in/out function.

* Fuel consumption figures shown are from standard Australian Design Rules tests. Actual results achieved will differ according to operating conditions and driving style.

** Not all mobile phones will be compatible with the vehicle's Bluetooth® system.

† Apple CarPlay™ requires an iPhone 5 or later. It is recommended to always update your iPhone to the latest iOS release. Use the Apple Lightning® cable provided with your phone, or an Apple-certified Lightning cable.

‡ Android Auto™ requires an Android phone with Android 5.0 Lollipop or higher. It is recommended to always update your phone to the latest OS release. Use the USB cable provided with your phone.

ECO-CONSCIOUS

So you value sustainable living? We do too.

That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society.

Our environmental research centre spearheads our drive for the production of clean hybrid and fuel-cell vehicles to lead the way to eco-friendly cars for a greener tomorrow for you, your children and all of us.

From design through to recycling, we create innovative products, adhering to state-of-the-art Design for Recycling (DfR) guidelines. Even at the end of your car's life, we aim for eco-friendly return and treatment.

Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environmental protection.

As you can see, what you do on a small scale with your household refuse, we at Kia Motors do on a large scale.

5 YEAR Warranty Programme (OR UP TO 100,000KMS)

All new Kia Passenger Vehicles come with an impressive 5-Year/100,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This warranty programme is transferable between owners and emphasises our commitment to our customers.

5 YEAR Roadside Assist

A Roadside Assistance Programme for the duration of the Warranty Period is also offered on every new Kia at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be despatched to your location. If a repair cannot be conducted on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

INCIDENT CARE

If you and your new Kia were unfortunately involved in an incident or crash that requires body repairs to your Kia, Kia Incident Care is here to help you, and is free for the first five years.

Visit Kia.co.nz for full details and terms & conditions.
