

Kia Carnival

Life is what you make it

At Kia, we believe movement inspires ideas. Great ideas come to you when you're on the move. Whether you're walking, traveling on a train or driving.

It's why we create the spaces and the time you need to bring ideas to life. Very like the experience that awaits you behind the wheel of every Kia. With our design, space innovation, purpose driven technology and built in sustainability, we aim to inspire every time you encounter the Kia brand.

Because you never know where your next big idea awaits. But they are out there. Waiting to be discovered. So, what are you waiting for? Get moving. Get inspired.

Movement that inspires

Unrivalled style, space and comfort

The Carnival is more refined, roomy and capable than ever. Its SUV inspired design is matched with a modern interior and the latest infotainment and safety technologies.

Overseas model shown.

Overseas model shown.

Performance that's all about you

Effortless acceleration, smooth shifts - and you make them smoother still!

The 2.2L DOHC Turbo Diesel Smartstream™ engine provides lots of low-end torque for punchy acceleration even when carrying eight passengers. The engine is optimised with a range of features that reduce friction, aid cooling, enhance efficiency and lower emissions.

The engine is paired with an 8-speed automatic that is quieter, smoother and lighter than ever before. An integrated system monitors your driving style and adapts shifting performance to suit. Premium models feature an E-Shift Dial in place of a conventional gearshift knob.

Fuel economy is impressive with only 6.5L of diesel used every 100kms. However, the vehicle sacrifices nothing in the way of performance with 148kW of power providing a purposeful, spirited drive.

Design that gets everyone's attention

The Carnival is a statement in reassuring solidity, forward-looking styling and SUV-inspired design and detail.

Upfront, Kia's signature tiger nose grill spans the width of the vehicle, with integrated LED daytime running lights and headlights. These give the Carnival a confident look and a unique lighting configuration.

The rear design is robust, boasting a wide, highly distinctive look. The full-width light bar is a standout feature, enhancing safety as well as looks.

Contemporary details further elevate the Carnival, with the textured chrome fin design on the C-pillar and heated side mirrors with LED side indicators, which fold away as soon as the vehicle is locked.

The technology suite is also highly impressive, starting with a 12.3" Colour LCD Touchscreen with split screen function. This superb infotainment and navigation system allows you to choose multiple displays from different apps, e.g. you can have entertainment choices as well as trip information and a reversing camera displaying simultaneously. Your Smartphone links to the system and there is a wireless charger as well as an alert if you are about to leave your phone behind when exiting the vehicle.

New for the Carnival Premium model, the full 12.3" TFT Supervision Instrument Cluster incorporates both the speedometer and tachometer, providing key vehicle and trip status information and also encompassing the new Blind Spot View Monitor (BVM).

Other controls that make the journey even more comfortable include dual zone climate control, allowing those in the first, second and third rows of seats to adjust the temperature to their liking.

Your Carnival is one of the easiest vehicles to enter and exit in its class. The smart power-sliding rear doors and tailgate open and close automatically when the lock or unlock button on the key fob is held down for three seconds. You can set the height to which your tailgate opens, a valuable feature for owners with low ceilings in their garages.

The ultimate environment for family travel

The Carnival features a modern, stylish, ultra-roomy cabin finished with premium materials and hi-tech connectivity.

Immediately, you will be impressed by the eight seats, and the numerous seating and cargo combinations, providing the perfect balance of comfort and practicability. With the second and third seats folded down, 2,785 litres of cargo space are on offer.

The seats themselves are all about comfort. The drivers' seat has been designed for those long family trips, with a 10- or 12-way power seat that lets you reposition the points of resistance and support, either up-and-down, or side-to-side.

Protect your family on every journey

The Carnival is packed with Kia's most advanced safety technology.

The many assists and alerts are designed to keep your family safe, whether it is helping to prevent collisions or making sure young passengers come to no harm in the rear. In total, it is an exceptional suite of safety technologies.

Forward Collision Avoidance Assist (FCA) with Junction Turning is one of most advanced. In addition to vehicle, cyclist and pedestrian forward detection, the system now recognises other road users at more acute angles. For example, the system detects vehicles entering intersections, and if a collision is imminent, it will apply the brakes automatically. Similarly the Multi-Collision Brake (MCB) system helps reduce the impact of secondary collisions by automatically applying the brakes if the airbags have been deployed after an initial collision.

Assists include Blind Spot Collision Avoidance (BCA), where a new differential braking system steps in if it detects a vehicle in your blind spot and a collision is about to occur. Rear Cross Traffic Collision Avoidance Assist (RCCA) also applies the brakes automatically if a vehicle is approaching from the left or right when you are reversing out of a parallel park.

Lane Keep Assist (LKA) and Lane Follow Assist (LFA) are both designed to stop your vehicle from drifting out of the lane if your attention waivers for a moment. Another important assist is Safe Exit Assist (SEA), which prevents the rear doors opening if the system detects a hazard approaching from behind, e.g. a cyclist or other vehicle. Similarly, Rear Occupant Alert (ROA) makes sure you never exit the vehicle leaving young ones or pets in the rear seats behind.

The Around View Monitor rounds out the package. Multiple cameras allow you to see the front, rear and sides of the vehicle on the large infotainment screen, along with a bird's eye view. Dynamic Guidelines help you reverse accurately, even in tight spaces.

However, if you're ever unlucky enough to collide with another vehicle, your family will be protected by seven airbags, with dual front and side airbags, dual side-curtain airbags in all three rows and a driver's knee airbag.

ECO-CONSCIOUS

SO YOU VALUE SUSTAINABLE LIVING? WE DO TOO.

That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society.

Our environmental research centre spearheads our drive for the production of clean hybrid and fuel-cell vehicles to lead the way to eco-friendly cars for a greener tomorrow for you, your children and all of us.

From design through to recycling, we create innovative products, adhering to state-of-the-art Design for Recycling (DfR) guidelines. Even at the end of your car's life, we aim for eco-friendly return and treatment.

Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environment protection.

As you can see, what you do on a small scale with your household refuse, we at Kia do on a large scale.

Factory Warranty QUALITY REDEFINED

All new Kia Passenger Vehicles come with an impressive 5-Year/150,000 km (whichever comes first) Warranty Programme covering against manufacturing or assembly defects. This warranty programme is transferable between owners and emphasises our commitment to our customers.

5 YEAR Roadside Assist

A Roadside Assistance Programme for the duration of the Warranty Period is also offered on every new Kia at no cost. In the unlikely event that your Kia has broken down, help is only a call away and trained staff will be despatched to your location. If a repair cannot be conducted on the spot, the vehicle will be towed free of charge to the nearest Kia dealer.

INCIDENT CARE

If you and your new Kia were unfortunately involved in an incident or crash that requires body repairs to your Kia, Kia Incident Care is here to help you, and is free for the first five years.
