

# *S-CROSS*

 **SUZUKI**

## Imagine where you'll go

Whether you are reaching for horizons, traversing the unknown or simply popping out for a coffee, the S-Cross will take you there. With its bold European styling, smooth 6 speed auto and extra-roomy interior, you have the freedom to explore it all. The advanced 5-star safety features and exceptional efficiency (5.9-6.3 L/100km combined cycle) of a 1.6 VVT or 1.4 BoosterJet engine provide the assurance of smooth performance. All that remains is to imagine where you'll go.

### 6-STAGE AUTO

With the close ratios of the 6-stage automatic gearbox, the gear shifts are almost imperceptible. When you're ready for some fun, take control using the paddle shifters on the steering wheel.

### 1.6 VVT

The LTD model's 1.6L VVT engine is optimized for superior fuel economy and smooth performance across the rev range.

**Power:** 88 kW  
**Torque:** 156 Nm  
**Fuel:** 6.0-6.3 L/100 km combined

### 1.4 BOOSTERJET TURBO

The Prestige's advanced 1.4L BoosterJet direct-injection turbo petrol engine delivers 20% more power and a massive 40% more torque than the 1.6 model while still achieving amazing fuel economy.

**Power:** 103 kW  
**Torque:** 220 Nm  
**Fuel:** 5.9 L/100 km combined

# Spread your wings

S-Cross is all about having no limits. For a big load of cargo, big dreams, or a big family, the innovative SUV design accommodates it all with room to spare. The elegant lines of the S-Cross flow smoothly from the front to the back. No matter what angle, no matter where you go, the message is the same; live life to the full.

## BUILT TO TRAVEL

Even with five people aboard, there's up to 440 litres of luggage space. A multi-position luggage board, light, luggage hooks and a 12V accessory socket provide added convenience. The 60:40 rear seat configuration allows larger items to be stowed easily in the rear.

## ROOMIER CABIN

Five adults can stretch out in comfort with increased cabin room compared to most models in the class. Plentiful legroom assures a relaxing ride.

## ADJUSTABLE STEERING WHEEL

Telescopic and tilt adjustment on the steering wheel allows drivers to position it according to their size and personal preference.

## ADVANCED HEADLAMPS

Prestige models feature auto levelling and light-sensing LED projector headlamps as well as LED position lamps.

## FRONT FOG LAMPS

Chrome-accented fog lamps echo the dynamic contours of the headlamps.

## INTEGRATED ROOF RAILS

The black (LTD) or silver (Prestige) roof rails combine sharp looks with aerodynamic smoothness, and ensure the S-Cross is always ready for your next adventure.

## AERODYNAMIC MIRRORS

The body-coloured door mirrors are shaped for low drag, low wind noise, and accordingly superior fuel economy. They are electrically adjustable and auto-folding, and have built-in turn-signal lamps.

# Feel the difference

Step inside the S-Cross and you're immediately wrapped in refinement. You feel the quality in the plush seats and sophisticated interior and sense that every detail is exactly where it should be. The highly advanced yet user-friendly multimedia Sat Nav system with Bluetooth connectivity, Apple CarPlay, Android Auto™ and reverse camera are at the ready. The car becomes part of you, as inspired and excited about exploring the world as you are.

## 7-INCH TOUCHSCREEN

To keep you entertained and informed the S-Cross has a centrally located 7-inch touchscreen display. This features a voice-activated audio navigation system, smartphone connectivity, and a reverse camera. With Bluetooth®, the S-Cross is wirelessly connected to your music and contacts on your smartphone for hands-free operation. Plus with Apple CarPlay and Android Auto™ you can access a range of phone apps to simultaneously broadcast on the touchscreen display.

## REVERSE CAMERA

Reverse safely without having to twist around in your seat with the built-in reverse camera. It makes parking easier and can be a lifesaver when children or animals are around.

**APPLE CARPLAY** allows you to connect your compatible iPhone via USB. You can make phone calls, access your music, send and receive messages, and get directions using voice command or touchscreen.

**ANDROID AUTO™** puts Google Maps, Google Search and other Google services at your fingertips.

## DUAL ZONE CLIMATE CONTROL

Dual zone climate control air conditioning gives personalised comfort by letting the driver and front passenger set temperatures independently of each other.

## HANDS FREE CALLING

Bluetooth® connectivity allows you to answer calls while you're travelling, without moving your hands from the wheel or your attention from the road.

## CRUISE CONTROL AND SPEED LIMITER

Cruise control maintains your speed to a set level, while the speed limiter function allows you to set a maximum speed for safe driving.

## KEYLESS ENTRY AND START

Unlock the vehicle by pressing a button on the door handle, and start the car while the key stays safely in your pocket.

## Choose your drive

The S-Cross AWD is a true all-weather, all-terrain, all-you-need performer built to challenge expectations on and off road. Its strong go-anywhere performance and smart design inspires new directions. Suzuki's unparalleled experience comes to the fore with the integration of ALLGRIP technology; a system designed to maximise the performance of the transmission, engine and safety systems depending on road surfaces and conditions. With four selectable ALLGRIP SELECT modes, you are able to easily modify the S-Cross's handling at the touch of a button. Now, see how far that freedom can take you.

### AUTO MODE

Prioritises fuel economy in typical driving conditions. The system automatically switches to 4WD if it detects slippage.

### SPORT MODE

Improves cornering performance by allocating more torque to the rear wheels. Engine response is improved by optimizing the accelerator and torque characteristics.

### SNOW MODE

Optimal for snowy, unpaved, and other slippery surfaces. Enhances traction during acceleration and promotes stability.

### LOCK MODE

For getting out of snow, mud, or sand. Apportions more torque to the rear wheels, while the ESP and other control technologies are optimised to get the car free.

#### SEVEN AIRBAGS

Extra protection comes from front and side airbags for the driver and front passenger, a knee airbag for the driver, and left and right side curtain airbags.

#### ESP® CONTROL SYSTEM

An Electronic Stability Programme (ESP®) supplements the inherent stability by automatically adjusting the engine and brakes if the wheels lose traction.

#### HILL HOLD CONTROL

Prevents the vehicle from rolling backwards when moving your foot from the brake to the accelerator pedal, making hill-starts safer.

## Explore with confidence

Let your sense of adventure take the lead in the S-Cross. Set out in a vehicle that's been designed and built for the unexpected. High performance technologies help keep you safe on the road, backed up by top-of-the-line 5-star safety features. Take the adventurous road. Take the safe road. They're the same in the S-Cross.

#### SAFETY-ENGINEERED BODY

The S-Cross's body incorporates Suzuki's TECT (Total Effective Control Technology) for lightness and occupant safety. Crumple zones absorb and dissipate energy, and remaining energy is directed around the cabin.

#### ABS WITH EBD

Braking force on each wheel is automatically adjusted to provide exactly the right amount of pressure and bring the car to a safe, controlled stop.

#### BRAKE OVERRIDE SYSTEM

All models are fitted with throttle override technology, enabling the driver to halt the car in the unlikely event the brake and accelerator pedal are depressed at the same time. Should impact occur, the brake pedal will detach, further protecting the driver.

#### REAR PARKING SENSORS

Four ultrasonic sensors in the rear bumper help with parking by detecting obstacles and sending a visual and audio warning to the driver (Prestige).

#### SEATBELTS

Front seats are equipped with three-point ELR seatbelts with pretensioners and force limiters for enhanced safety. Rear seats include three-point ELR seatbelts, two ISOFIX and three child seat tether anchorages.

When you buy a Suzuki, you're not just buying a car, you're joining the Suzuki family. We make some of the world's favourite compact vehicles and take great pride in the level of service and support we offer our customers. Our New Zealand dealer network is second to none and we've won more independent customer satisfaction awards than any other manufacturer.

#### BIG ON SMALL CARS AND SUVs

Today, as the world becomes increasingly motorised, the mantra of 'smaller, fewer, lighter, cleaner' takes on even more importance. With Suzuki's small car expertise we're leading the way with a range of small cars and SUVs designed for modern lifestyles. Featuring next-generation technology, our highly fuel-efficient compact vehicles are purpose-built for minimum environmental impact and maximum enjoyment. In New Zealand, Suzuki's new vehicle fleet is the cleanest of any mainstream brand. (2018 result for top 10 vehicle manufacturers.)

#### SUPPORTING OUR COMMUNITY

We support those things Kiwis care about; the organisations and worthy causes making a difference to New Zealand lives. Suzuki is honoured to get behind these passionate people and fun events which make a difference in our community.

#### LEUKAEMIA & BLOOD CANCER NZ

With a vision to cure and a mission to care, this amazing organisation works tirelessly helping everyday Kiwis come to terms with leukaemia, lymphoma, myeloma and related blood conditions. Last year, the frontline support services team covered more than 50,000 kilometres in their brightly coloured Suzuki Balenos and Swifts; providing patients, their family and friends with emotional and practical support.

#### AA DRIVING SCHOOL

With over 1.5 million members the AA is New Zealand's largest automobile club. Their driving school is one of the most respected in the country and includes programmes for drivers of all levels. Thousands of kiwis have learnt to drive or improved their skills in the school's fleet of modified dual control Swifts. Swift's 5-star safety, agility and easy handling make it the perfect choice for learners.

#### MAKING DRIVERS SAFER

To help make our roads safer for everyone, Fleetcoach has developed a virtual driver training programme for employers to identify, train and upskill their staff. State-of-the-art interactive videos put drivers behind the wheel of a Suzuki, allowing them to identify driving hazards and improve their road safety skills online.

# REAL VALUE

Real Value isn't just about sharp pricing, it's about worry-free enjoyment of your new Suzuki and protecting its on-going value.

## 5 YEAR WARRANTY PACKAGE

A comprehensive 3 year/100,000 km new vehicle warranty. This covers your entire vehicle for the most important part of its lifecycle and includes a 2 year powertrain warranty extension for a total of 5 years worry-free motoring.

## 5 YEAR SUZUKI ASSIST

This is one of New Zealand's most comprehensive roadside assistance programmes. It has you covered all day, every day for 5 years from when you first buy your Suzuki – no matter how many kilometres you travel.

## SUZUKI BENEFITS PROGRAMME

Purchasing a Suzuki gives you access to the Suzuki Benefits Programme offering a host of benefits like discounts on fuel, rental vehicles, insurance and a whole lot more.
