

SWIFT

Sport

LEANER, MEANER, SWIFTER

In a league of its own, the Swift Sport takes its legendary status to even greater heights. With advanced turbocharged performance, outstanding torque, sharp handling, and lightweight body, the Swift Sport is designed to thrill. This 'hot hatch' has the latest safety technology, effortless power, and ruthless efficiency, making it a masterpiece of motion.

SHARP PRECISION, HONED STYLE

There's no mistaking the iconic Swift Sport design. Born out of years of Junior Rally World Championship success, its low planted stance is refined with pure performance in mind. Aerodynamic skirts, honeycomb grille, twin exhausts, rear diffuser, rear spoiler, diamond cut designed alloys... the list goes on. You can look this good and mean business.

IN TOTAL CONTROL

Laser-focused on delivering the ultimate driving experience, the cockpit of the Swift Sport is meticulous, intuitive, and responsive. The D-shaped steering wheel and alloy pedals are at the ready. Press the keyless start button and take control like a pro using the performance data on the 4.2-inch colour digital display including G Force, engine output and torque, and digital running speed. Stay entertained and connected with the Swift Sport's six speaker audio system, 7-inch multimedia display, satellite navigation, Apple CarPlay, and Android Auto.

INFORMATION, ENTERTAINMENT, AND CONNECTIVITY

Swift Sport's 7-inch touchscreen display comes with a built-in reversing camera to help you park and back-up safely. It also gives you intuitive access to a range of multimedia features including audio, hands-free phone, navigation, and smartphone integration.

APPLE CARPLAY allows you to connect your compatible iPhone via USB. Then you can make phone calls, access your music, send and receive messages, and get directions using voice command or touchscreen.

ANDROID AUTO™ puts Google Maps™, Google Search™ and other Google services at your fingertips.

AUTO AIR CONDITIONING

A high-contrast mono LCD display makes it easy to set the automatic air conditioner so you can keep your cool even when things get heated.

HANDS FREE CALLING

Bluetooth® connectivity allows you to answer calls while you're driving, without moving your hands from the wheel or your attention from the road.

ENGINE PERFORMANCE DISPLAY

The Swift Sport features an advanced multi-functional display that intuitively conveys a range of information such as running performance, economy, and engine output.

KEYLESS ENTRY AND START

Unlock your ride simply by pressing the button on the door handle, and start the car with the key still safely in your pocket.

ADAPTIVE CRUISE CONTROL AND SPEED LIMITER

For longer journeys on the open road there's Adaptive Cruise Control which maintains your speed relative to vehicles ahead using millimetre wave radar technology. The speed limiter allows you to set a maximum speed for safe driving.

UP FRONT, OWNING IT

Push your limits, relax and have fun. The Swift Sport is a true driver's car and this is where you take charge. Slip into the comfortable semi-bucket seats with red double stitching, embossed "Sport" logo and side and shoulder bolsters to keep you snug around tight bends. Sweep your gaze over the Swift Sport's interior framed by rich red-black carbon-fibre patterned surfaces. Reach for the sport-style shift lever and the dimpled flat-bottom steering wheel for ultra-secure grip. You've got this.

SPORTS POWER AT ITS FINEST

Get your pulse and temperature rising with the Swift Sport's race-tuned, championship-worthy engine – the perfectly tuned BoosterJet turbo. This direct injected, intercooled powerhouse is a technological tour de force based on a proud history of quality engineering. Designed to pump up power but not the petrol bills, the Swift Sport BoosterJet is compact, lightweight, and fuel-efficient, producing a robust amount of torque from low in the rev range. Lighter, quicker and precise, the level of control is masterful. This is an engine truly worthy of the Swift Sport.

TURBOCHARGED EXCITEMENT

BoosterJet's turbocharger forces pressurised air into the cylinders enabling the engine to produce maximum torque from just 2500rpm. A wastegate valve controls boost pressure, quickening response and lowering fuel consumption. A short port intake and exhaust manifold are integrated within the cylinder heads for a lighter, more compact engine and heart-racing acceleration.

POWER: 103kW @ 5,500rpm

TORQUE: 230 Nm @ 2,500-3,500 rpm

FUEL: 6.1L/100 km combined

CO2: 141g/km

DIRECT INJECTION

A direct injection system further enhances BoosterJet's power and efficiency by optimising the amount of injected fuel as well as the timing and pressure. Seven-hole injector nozzles atomise fuel for more efficient combustion, cleaner exhaust and exhilarating performance.

6-STAGE AUTOMATIC

The gear ratios of the 6-stage automatic have been chosen for optimum acceleration, matched to the strong torque characteristics of the engine. Paddle shifters enable manual gear changing to maximise the Sport experience.

6-SPEED MANUAL

The sport-grade smooth-shifting six-speed manual transmission is built to maximise the performance of the turbo engine. Shifting is accurate with just the right feeling of resistance, thanks to short shift strokes and an optimised clutch engagement point.

ELITE PERFORMER

Concrete jungle or the wide open road – the Swift Sport excels with dynamic manoeuvrability and road holding performance. Adopting Suzuki's lightweight HEARTECT platform, its 970 kg kerb weight and outstanding 4.2:1 weight-to-torque ratio (kg:Nm) provides increased agility and driving stability. Its sure-footed manner and nuanced handling come courtesy of the Sport's lower stance and race-tuned Monroe® shock absorbers. These are paired with a specially designed stabiliser for increased rigidity and Teflon mounts for reduced friction.

OPTIMISED BRAKING

To cope with the increased demands of the Swift Sport's performance, the braking system has been optimised with larger ventilated front discs. Combined with the solid rear discs, the Swift Sport has superior braking power and fade resistance.

LIGHTER, STRONGER HEARTECT PLATFORM

Swift Sport's HEARTECT platform features a state-of-the-art, high-rigidity frame for enhanced road-feel and clear feedback. Its smoothly curving continuous shape effectively disperses impact energy in the case of a collision. Fewer joints and the use of special high-tensile steel mean less reinforcements are required, which reduces weight. This all helps to enhance fundamental vehicle performance with acceleration, turning, stopping, and fuel consumption all dramatically improved.

17-INCH PERFORMANCE ALLOY WHEELS

The Sport's exclusive alloy wheels are crafted using a new flow forming technique. This results in thinner yet stronger rims and a reduction in rotating weight – which translates to better acceleration and more responsive handling.

STATE-OF-THE-ART SAFETY

As Suzuki's flagship performance vehicle, the Swift Sport comes with the highest 5 star ANCAP safety rating and a suite of accident avoidance and electronic driver assistance technology. On top of the stronger HEARTECT chassis and six airbags, it features an Advanced Forward Detection System, adaptive cruise control, high beam assist, lane departure warning, weaving alert, blind spot monitor and rear cross traffic alert, providing peace of mind for you and your passengers.

ADVANCED FORWARD DETECTION SYSTEM

To help support your safe driving, Suzuki has developed an Advanced Forward Detection System.* This employs a state-of-the-art monocular camera, laser sensor, and millimetre-wave radar with the aim of aiding the driver to avoid a collision or mitigate the damage.

The Advanced Forward Detection System includes:

- Dual Sensor Brake Support (DSBS)
- Lane departure warning
- Weaving alert
- Headlamp high beam assist
- Adaptive cruise control

DUAL SENSOR BRAKE SUPPORT (DSBS)

Swift Sport's monocular camera 'sees' mid-to-long distance and can detect pedestrians. It also has a laser sensor for short-distances and at night. Using information from these sensors it can detect a potential collision and act accordingly.

LANE DEPARTURE WARNING

At 60 km/h or faster Swift Sport predicts your course and if you drift, vibrates the steering wheel and gives you a visual warning.

WEAVING ALERT

This system calculates your driving pattern and issues audio and visual warnings if it detects you're 'wandering' due to driver fatigue, for example.

ADAPTIVE CRUISE CONTROL

The adaptive cruise control system uses millimetre-wave radar to automatically maintain your following distance depending on the setting selected and vehicle speed.

HEADLAMP HIGH BEAM ASSIST

At 40 km/h or faster, Swift Sport's high beam assist can automatically switch the headlamps between high and low beam depending on the presence of other vehicles and the lighting environment.

PARKING SENSORS

Parking is safer and easier with ultrasonic sensors in the rear bumper that detect obstacles and send you a warning you can both see and hear.

ESP® AND ABS WITH EBD

When braking, Swift Sport automatically modulates the force applied to each wheel to provide the optimum amount of pressure and bring the car to a safe, controlled stop. There's also Electronic Stability Programme or ESP® to help you stay in control when you're cornering by counteracting under and oversteer. This also improves traction and reduces the possibility of skidding.

BLIND SPOT MONITOR

Lane changing at speeds above 15 km/h is made safer by two rear mounted side radar sensors capable of detecting vehicles located in or approaching the rear blind spots on either side of the vehicle. When a vehicle is detected a warning LED icon is illuminated in the exterior mirror. If the driver indicates to change lanes, a flashing LED icon is accompanied by a warning sound alert.

REAR CROSS TRAFFIC ALERT

This assists the driver to manoeuvre more safely out of parking spaces where vision is obscured. When reversing, at speeds of up to 8 km/h, the vehicle uses two rear mounted side radar sensors to assist the driver by alerting them of approaching vehicles on either side. The driver is given both a visual alert on the multi information display and a warning sound.

*Please do not rely on the Advanced Forward Detection System. It is only an aid and the ability to detect obstacles and lanes, and control the vehicle is limited. Always drive safely.

Equipment and Specifications

INFOTAINMENT		
Touchscreen infotainment		•
Satellite navigation		•
Six speaker tuner/SD		•
Bluetooth®		•
Apple CarPlay and Android Auto™		•
USB and auxiliary inputs		•

SUZUKI NEW ZEALAND LIMITED 1 HEADS ROAD, WHANGANUI. WWW.SUZUKI.CO.NZ

Standard and optional equipment available may vary from time to time. Some international models illustrated – please enquire at your Suzuki dealer for exact specifications. Suzuki New Zealand Ltd reserves the right to change, without notice, prices, colours, materials, equipment, specifications and models, and also to discontinue models. *Fuel consumption will vary due to factors such as vehicle condition, driving style and traffic conditions.

A little goes a looooong way

In a new Suzuki, your smile will be stuck on high beam as you zip around. You may even let out a giggle, or wave when you spot another.

Not only are Suzuki cars and SUVs fuel efficient – they are affordable, safe and sooooo much fun to drive. With our advanced small engine technology and innovative design, you'll get loads of value without compromising performance, and with Suzuki's longstanding commitment to fuel economy, a little really does go a long way.

So turn every journey into a joyride with Suzuki. Let us help you find the one that suits your lifestyle and needs, with an ownership experience second to none.

Supporting our community

We support those things Kiwis care about; the organisations and worthy causes making a difference to New Zealand lives. Suzuki is honoured to get behind these passionate people and fun events which make a difference in our community.

WHĀNAU ĀWHINA PLUNKET

Whānau Āwhina Plunket is Aotearoa's largest support service for the health and wellbeing of tamariki under-five and their whānau. They see around 85% of all newborn babies and provide free health and development checks, a 24/7 parenting helpline, and a range of local services. Support staff and nurses use a combination of Swift Hybrid and S-Cross vehicles for home visits and other business.

LEUKAEMIA & BLOOD CANCER NZ

With a vision to cure and a mission to care, this amazing organisation works tirelessly helping everyday Kiwis come to terms with leukaemia, lymphoma, myeloma and related blood conditions. Last year, the frontline support services team covered more than 50,000 kilometres in their brightly coloured Suzuki Balenos and Swifts; providing patients, their family and friends with emotional and practical support.

AA DRIVING SCHOOL

With over 1.5 million members the AA is New Zealand's largest automobile club. Their driving school is one of the most respected in the country and includes programmes for drivers of all levels. Thousands of kiwis have learnt to drive or improved their skills in the school's fleet of modified dual control Swifts. Swift's 5-star safety, agility and easy handling make it the perfect choice for learners.

MAKING DRIVERS SAFER

To help make our roads safer for everyone, Fleetcoach has developed a virtual driver training programme for employers to identify, train and upskill their staff. State-of-the-art interactive videos put drivers behind the wheel of a Suzuki, allowing them to identify driving hazards and improve their road safety skills online.

REAL VALUE

Real Value isn't just about sharp pricing, it's about worry-free enjoyment of your new Suzuki and protecting its on-going value.

5 YEAR WARRANTY PACKAGE

A comprehensive 3 year/100,000 km new vehicle warranty. This covers your entire vehicle for the most important part of its lifecycle and includes a 2 year powertrain warranty extension for a total of 5 years worry-free motoring.

5 YEAR SUZUKI ASSIST

This is one of New Zealand's most comprehensive roadside assistance programmes. It has you covered all day, every day for 5 years from when you first buy your Suzuki – no matter how many kilometres you travel.
